

RAIN BIRD AUSTRALIA

Rain Bird® Board Exchange Program

The Rain Bird® Board Exchange Program is designed to meet your needs for a fast and dependable supply of electronic circuit boards when a “downtime” situation demands action.

The program provides quick, easy and dependable replacement of a damaged circuit board with a Certified Rain Bird Refurbished Board.

A simple phone call to your local Rain Bird Distributor will have the board on its way to you or your distributor to get your site operating again as soon as possible.

Program Features:

- Fast, overnight replacement of damaged parts
- 6 month warranty on all replacement boards
- Engineering improvements built into all refurbished boards
- Low, fixed prices with no membership fee required

Fast Service/Easy Installation:

When speed is essential, you can depend on Rain Bird. We stock an extensive supply of replacement boards for Rain Bird products and we can ship overnight to almost any area of Australia. The replacement board can be shipped directly to your site or to your local distributor.

A simple phone call to your local Rain Bird Australia Distributor can have the replacement part ordered and quickly on the way. Your Rain Bird Australia Distributor can also arrange a service call to install the parts or you can install the parts with your own service staff.

Pricing:

Pricing is fixed so you know the cost of the parts in advance. Pricing includes overnight shipping of the replacement board and return shipping of the damaged board to Rain Bird Australia.

Quality:

Turning to the manufacturer of the original part ensures that you receive the best quality replacement boards available.

All Rain Bird Certified Refurbished Boards carry a 6-month warranty from the ship date to ensure your system is functioning properly. All replacement boards are tested and repaired with original Rain Bird quality parts and any engineering and firmware improvements are added to the boards during repair.

Support:

We know our products and we make every effort to meet your needs. With the finest distributor network in the business, we are prepared to provide you with the best service available.

Rain Bird's own team of GSP Technical Engineers are also prepared to provide the service and information needed to keep your course's irrigation system operating like new.

Note: Hardware repairs on Rain Bird controllers & boards also available, however allow longer lead time accordingly

CONDITIONS:

- Each board includes overnight shipping, whenever possible, within Australia (Monday – Friday deliveries only) and return shipping to Rain Bird Australia. Please include enclosed return form with the prepaid airbag. Damaged boards must be returned within 5 working days or additional charges will be incurred.
- All boards include firmware and displays. Cables, covers and connectors are not included and should be removed from the board being returned to Rain Bird Australia. All returned boards must be returned with no components missing or removed. Extra charges will be incurred for returning incomplete assemblies.
- Orders should be received at Rain Bird Australia by 3:00 pm (AEST) to ensure same day shipment.
- All board exchange orders are subject to availability.
- Boards returned in an irreparable state may incur additional charges.
- The board exchange warranty does not warranty against damage to equipment or exchange boards caused by lightning or electrical surges.
- Specifications and pricing are subject to change at any time, without notice.
