Case Study: Soccer’s Biggest Stage Comes to Brazil

The Challenge:
Installing systems in 11 stadiums throughout Brazil, Rain Bird had to adjust to varying climate regions and grass types. Uniform and precise irrigation is a key factor in creating consistent playing conditions.

The Result:
An IQ™ v2.0 Central Control system with ESP-LX series controllers, wireless rain sensors and soil moisture sensors gave each stadium the flexibility needed during installation, ongoing cultivation of the field, and continued management of irrigation schedules.

"Rain Bird products provided excellent water application uniformity and the ability to easily manage the system, plus the expertise provided by Rain Bird was very beneficial to the project."

Fabio Camara

See Why the Best Playing Surfaces in the World Choose the Rain Bird® Championship Formula.

With more than 80 years as the industry leader, Rain Bird provides a worry-free solution for any sports turf. That’s why eleven stadiums in Brazil recently chose state-of-the-art technology from Rain Bird to create ideal conditions for the world’s biggest soccer tournament. And with affordable and customizable packages, you can too.

### 8005 Rotors
- Memory Arc® returns the rotor to its original arc setting.
- Adjust arc from 50° to 330° with just a slotted screwdriver.

### ESP-LX Series Controllers
- Designed to maintain the ease of programming of the ESP-Series controllers.
- Offers a 2-wire path for decoder-based irrigation.

### IQ™ v2.0 Central Control
- Easy-to-use interface puts you in charge of state-of-the-art control features.
- Perfect irrigation control solution for sports fields and stadiums.

### PGA Valves
- Water-tight seal endures the most extreme conditions.
- Filtered pilot flow resists debris and clogging.

### World-Class Systems: Letzigrund Stadion Zurich

#### Championship Formula 20+15 Configuration
- 35-rotor design:
  - 20 part-circle rotors
  - 15 full-circle rotors

- Field dimension:
  - 105 meters x 68 meters

#### 35-Rotor Design vs. 24-Rotor Design
- 24-rotor configuration (6 rows of 4 rotors).
- Full, even coverage

- Also available:
- Brown spots and dry areas
